About Town

And Country
By TIMOTHEUS T.

CONVERSATION: "Spring's a lovely time," said I a few days back when the sun was beaming down warmly and the grass was greening and the buds were budding.

"Christmas is much better," came the retort from the guy to whom I said it.

"You have a point there, but just what do you mean?" I asked.

"It's much cheaper," was the reply I received.

"Much cheaper buying gifts at Christmas time?" I queried. "How's that?"

"Well, it's this way," he said. "At Christmas time you buy your gifts and it's pretty much up to you what you spend. You decide what you're going to buy and what you're going to pay and you go ahead and do it. That's all the-e is to it, as far as putting out money is concerned."

"I believe I get your point about Christmas," I said, "but how can you say that you can get by cheaper than in the springtime?"

"Ah, springtime!" he sighed derisively. "Springtime is a time of fixing up and planting and doing everything that needs to be done. And believe me, everything you do costs."

"The wife wants this room papered, and it's got to be papered. She wants this room painted and it's got to be painted. She wants some new flowers and shrubbery outside and they cost money. Everything she can think of, she wants done, and it all costs money. Christmas is a lot cheaper."

"And besides all this there is the cleaning to do, and unless you're awful lucky, you'll be in for doing a lot of the planting and painting yourself. Christmas is a lot easier on a guy's back, too, as well as his pocketbook."

Summerfield Says Cuts Will Remain Until Eisenhower Signs Appropriation

WASHINGTON (UP)—Postmaster General Arthur E. Summerfield Saturday made good his order to end almost all Saturday postal service because of lack of money.

Not even last minute approval by the House Appropriations Committee of a 41 million dollar emergency appropriation stopped the scheduled drastic cuts in postal service.

Summerfield said he had no choice.

He said under the law his department could operate only with funds actually appropriated. Therefore, he said, the cuts would have to stay in effect until President Eisenhower signed the necessary emergency appropriation.

Curtailements Begin

Summerfield ordered the following cuts into effect as of midnight Friday night:

—Halt window service in all post offices on Saturdays. However, post office lobbies will be open and patrons may deposit letters and get mail from their locked boxes.

—Deliver no mail on Saturdays except special delivery.

—Reduce collection of mails on Saturday to the limited schedules which normally prevail on Sundays.

—Starting Monday, keep post office windows open only 8½ hours a day Mondays through Fridays. Each local postmaster will determine his window schedule to accommodate his community's needs.

—Starting Monday, limit mail deliveries in all downtown business areas to two a day Monday through Friday.

—Starting April 29, embargo

Cancer Canvass Monday Night

A one-night door-to-door canvass will be held throughout Saline county Monday from 5 to 7 p. m. at which time volunteer workers will seek contributions to the cancer drive.

The cancer drive will continue during April but an attempt will be made to clear up as much as possible of the quota by the canvass Monday night. The Saline county quota is \$4,656.16 and the quota for Harrisburg is \$2,415.16.

Mrs. Morris Skaggs is county chairman of the drive. The Harrisburg canvass will be supervised by co-chairmen, Mrs. Joseph McGuire and Mrs. George Edward Dalton. Volunteer workers will be from the Delta Theta Tau sorority.

Whether a contribution is received or not each home will receive a pamphlet as part of the Cancer society's education to fight cancer. The pamphlet lists the seven cancer signals.

The slogan again this year is "fight cancer with a checkup and a check."

Reminisces of Early Days

Ernest W. Rose, Former Local Drug Clerk, Has Gained Success Through Chemical Formula 'Zemo'

Fifty years ago in Harrisburg there was a young man, chemical formula and a stockholding company that was destined for a success more far-reaching than even the young man dared dream. The young man is Ernest W. Rose, the chemical formula, "Zemo," and the stockholders were George Muggie, Dr. C. E. Byington, Marion Whitley, Ralph Towle, Dr. J. H. Rose and Sam McClure.

All of the stockholders but one, are gone, but the formula is on every drugstore's shelf in the country and in many foreign lands; and the young man is visiting in Harrisburg this week, in the home of Mrs. C. E. Combe, one of his few remaining relatives.

There was a dinner party Thursday evening for him, his wife, Vennie, and the remaining stockholder and friends. Mrs. Combe was hostess to the guests including George Muggie, Thos. D. Gregg, Mr. and Mrs. Thomas Ozment and Mrs. Pearl Sherman. Dinner topics surely included the days when Harrisburg had a population of 2000, when there were vacant lots on the town square, wagons mired down in the streets of that same square and some of the streets were known as "whisky shoot" and "dog walk."

Mr. Rose and Mr. Gregg have many early experiences in common. Mr. Rose was a young drug clerk in the store of his uncle, Dr. J. H. Rose, on the north side of the square where Jim's shoe store is now located. Mr. Gregg and his brother had just opened a store at the corner of Main and Poplar

streets where Barter's drug store, bearing the name of Mr. Gregg's most recent partner, is still operating. Mr. Rose and Mr. Gregg, with Paul Grace, now living in Syracuse, N. Y., entered pharmacy the same year and Mr. Rose was graduated from the Chicago school of pharmacy, part of the U. of I. system. Soon this young nephew of Dr. Rose was to create a whole new destiny—ZEMO.

Zemo started in the mind of Ernest Rose, striving to create a cure for eczema, so prevalent and so painful for the patients and drug store customers of Dr. Rose. The magic formula, Zemo, emerged. Made of a dozen heal-

ing and antiseptic ingredients, suspended in soothing essential oils, as each label now clearly states, the first bottles had amazing curative powers. No cure was known for the vicious eczema, but the success started in the treatment of one Mrs. Harvey Burke whose arms had been so deeply pitted. At the end of five weeks' use of Zemo they were so cleared and healed, that pictures were made and published of the "before" and "after" type, illustrating the cure. The best part was that the arms stayed cured. No recurrence ever developed.

This led to the forming of the

'Squatters' are Hardest Hit by Little Wabash

By SAM HANCOCK
United Press Staff Correspondent

CARMI, Ill. (UP)—Residents' hopes rose along with the Little Wabash River today in the wake of this southern Illinois community's worst flood in seven years.

River observer Robert Chastain said he thought the floods which left 50 persons homeless, were about finished and he expected the Little Wabash to crest Sunday at 35 feet.

If Chastain's prediction holds, then the river's swirling waters, which have already washed over 16 square blocks since Monday, should begin to recede and cause no further evacuations.

Hardest hit among the small town's 6,500 inhabitants have been "squatters" who live along the river's edge.

Carmi's history shows, however, that as soon as the rampaging river returns to its channel the families that inhabit the squatter homes move back into them.

One couple, Grover Emery, 69, and his wife, Maggie, have been forced to flee the flood waters several times during the 30 years they have lived on the river bank. This spring's evacuation was more difficult for them, however, because Grover is partially paralyzed and Maggie is recovering from a recent operation.

Friends donated an ambulance to move them from their home Monday.

Mrs. Emery said, "I've heard many squatters say that if they're driven from their homes, they'll never come back—but they always do."

Auto Kills Deer Near Rudement

A big buck deer was struck and killed on Route 34 near Rudement last night, Horace Richey, state conservation officer, reported today.

Richey said the driver of the auto, a man named Stricklin from Somerset, said that two deer ran in front of his car and that he could not avoid hitting one of them.

The deer was taken by Richey to be processed and it will be turned over to an orphanage or institution, he said.

Peabody Mine 43 Closes as Anticipated

Mining of coal at the Peabody 43 mine in Brushy township ended Friday and the mine will be closed permanently.

Cessation of work at the mine is in line with an announcement several weeks ago by H. C. McCollum, vice-president of Peabody, who stated a survey was being made to determine whether anything might be done to permit continuation of operations.

Although Mr. McCollum did not so state at the time, it was generally understood operations would continue only in event additional coal reserves might be purchased, so it would appear these efforts were unsuccessful. All coal owned or optioned by Peabody has been mined.

The mine was opened as a new operation about 10 years ago, and was designated as Peabody 43 following the closing of the old Peabody 43 mine at the west city limits of Harrisburg.

About 200 men have been employed at the mine, the division being roughly 110 from Saline county and the others from Williamson county. A salvage crew will continue work for several weeks, removing machinery and other salvageable equipment, following which the remainder will be sold as salvage.

Likely some of the officials will transfer to Peabody operations in Illinois or elsewhere, but no announcement has been made.

The funeral will be held in the Morgan funeral home at Princeton, Ky., Sunday at 1:30 p. m., where the body will lie in state until funeral time. Mrs. Scott is survived by her two sons, James E. Scott of Harrisburg and F. D. Scott of Bowling Green, Ky., and one grandson, Jimmy, of Bowling Green.

The body will be taken to Metropolis for burial in the Masonic cemetery. The burial is expected to take place at approximately 4 p. m.

Escapes Injury In Auto Mishap

Rev. Willie Harris of Harrisburg escaped injury yesterday morning when his car ran down an embankment on Route 45 a half mile northeast of Wason, State Policeman Guthrie Alexander reported. The driver was alone in the car.

Alexander also reported that Lloyd Nicholson of Carrier Mills suffered minor injuries late Thursday when he was thrown from the car he was driving on Route 45 at Ledford after his machine collided with a parked auto. Both vehicles were damaged extensively.

Long Branch Farmer Named By Acclamation

Succeeds Howard Patterson at Organization Meeting

Kenneth Jackson, Long Branch township farmer, was elected chairman of the Saline County Board of Supervisors by acclamation this morning at the board's organization meeting held at the court house.

Jackson, a Republican, is starting his second term on the board and succeeds Howard Patterson, Tate township Republican.

The organization meeting of the board today was called by County Clerk Don B. Garrison, following the April 2 township elections in which the Republican party emerged with a 12 to 10 majority on the 22-man board. All members were present for today's session.

Garrison opened the meeting and announced that nominations were in order for board chairman.

Jackson was nominated by his predecessor, Patterson, and the nomination was seconded by C. L. Blackman, Stonestown Republican.

At this point, before a vote could be taken, Jackson asked Garrison if all 22 members of the board had qualified for office. He was told that they had.

Vote on Motion Unanimous

Aubrey Giles, Eldorado Democrat, then rose to make a motion that Jackson be nominated by acclamation and this was seconded by Lee Porter, Democrat from Rector township.

The vote on Giles' motion was unanimous and Jackson took his seat as chairman of the board.

"There is no doubt that some here are better qualified for this job than I am," Jackson said in his opening remarks, "but I promise I'll do the job to the best of my ability. If there are errors on my part, I assure you they'll be caused by ignorance instead of being intentional."

Then he called on Virgil Ferrell, Republican supervisor from Harrisburg township, to lead in prayer.

Taking up of the county's business followed.

Included in the organization will be the naming of the personnel of the various county board committees.

Although this is a new board, there are only three new faces among the 22 members. They are Bert Gogue, Brushy Democrat, and Dr. John D. Slightom and Grover Dale Fulkerson, Democratic members from Harrisburg. Ten of the members are holdovers, having been elected two years ago, and the remainder were re-elected April 2.

There are three real veterans on the board. They are Tom Maxwell, Eldorado Democrat, and Herman McFarlin, Independence Republican, who are starting their 19th years, and William Alfred "Pete" Smith, Galatia Republican, who is beginning his 17th year.

The body will lie in state there until funeral time. Rev. Pete Kunnen, pastor of the Galatia Methodist church, of which she was a member, will officiate. Burial will be in the Weber Camp cemetery.

Peach blossom week again has
arrived in the southern counties
of Illinois. The swelling buds have
burst into full bloom, covering
commercial orchard areas with
showers of pink to delight the aes-
thetic sense of thousands of per-
sons who travel the highways in
the area and bolstering the hopes
of the orchardists who look at the
blossoms in terms of harvest.

Much ado is made about the
beauty of peach blossom time in
southern Illinois. It heralds the
arrival of spring because the peach
is among the earlier blossoming
fruit trees. The blossoms appear
before leaves come out and the
delicate pink or light red coloring
differs from the white of other
fruit trees blossoming at the same
time. The white of the cherry,
pear, and plum trees generally oc-
cur only in small kitchen orchards
around farm homes because these
trees are not grown extensively in
the area.

Many sight-seers who travel the
paved highways through the peach
producing area during blossom
time go away disappointed in the
brilliance of the colorful display.
In seeing the rather faint, darkish
pink haze covering the greater por-
tion of the peach orchards—with
only here and there bursts of more
showy trees—they believe that ei-
ther the blossoms are not completely
open, or that the petals have fallen.

They may not realize that there
is considerable difference in vari-
eties in the coloring and showiness
of peach tree blossoms. Some of
the earlier varieties—such as Red-
bird, Georgia Belle, Hiley Belle,
and others—have flowers with
large petals which provide more
noticeable coloring. The Elberta
variety, which comprises three-
fourths of the Illinois acreage in
commercial peach orchards, has
small petals, providing less display
of color than some of the less com-
monly grown varieties. Under-
standing these blossom characteris-
tics will help visitors enjoy peach
blossom time more.

Commercial orchardists in the
area today are shifting to a great-
er number of peach varieties in
planting young orchards so that
they may extend their harvesting
and marketing seasons. This trend
will add colorfulness and variety
to peach blossom time. Others
are finding the commercial produc-
tion of peaches becoming too tech-
nical, too costly, and too much of
a gamble to continue in the busi-
ness.

In visiting the area during blos-
som time, the most rewarding way
to enjoy the sight often is to get
away from the heavy traffic on
paved highways and leisurely ex-
plore on all-weather side roads
throughout the orchard area. More
often than not the most brilliantly
blossoming orchards are away

This Week at DIXON SPRINGS

University of Illinois Experiment Station

(A round-up of the week's
work, activities, and observa-
tions at the University of Illi-
nois Dixon Springs Experiment
Station near Robbs in southern
Illinois, prepared by the Sta-
tion's staff.)

Reforestation demonstra-
tion plantings were started this
week by Robert Nelson, extension
forester located on the Dixon
Springs Experiment Station. Trees
will be planted on 13 farms located
in 10 southern Illinois counties dur-
ing the last two weeks of March
and the first three weeks of April.
The number of trees planted on
each demonstration will range
from 1,000 to 14,000 with a total
of 78,000 to be planted.

Species to be planted include
loblolly, shortleaf, white, red and
Scotch pine and black locust. The
loblolly and shortleaf pines are

Final Dates for Applying For Incentive Payments On Shorn Wool for 1956

The final date for filing applica-
tions on wool shorn on or after
January 1, 1955, and sold during
the marketing year, April 1, 1956,
through March 31, 1957, or on un-
shorn lambs sold during the 1956
marketing year is April 30.

Producers must make applica-
tions for payment on eligible shorn
wool or unshorn lambs not later
than 30 days after the end of the
1956 marketing year, or by the
close of business, April 30.

Producers who sold shorn wool
or unshorn lambs after March 31,
1957, are not eligible for payment
under the 1956 program; however,
they will be eligible for such sales
under the 1957 program.

from the main highways.

To develop a peach variety suit-
able for commercial production is
a long and tedious process. Plant
scientists throughout the nation
continually are busy at the task.
Not only do they keep watch for
one of those chance mutations that
may show up in a peach tree some-
where, but they are constantly
checking and observing many thou-
sands of experiment station seed-
lings for desirable tree and fruit
characteristics. Through several
tree fruiting seasons they will try
by cross-pollination to combine the
good qualities of more than one
variety and get rid of undesirable
characteristics.

Dr. James Mowry, superinten-
dent of the Illinois Horticultural
Experiment Station jointly oper-
ated at Carbondale by the Uni-
versity of Illinois and Southern Illi-
nois University, is one of these
plant breeders. Peach blossom
time is an especially busy one for
Mowry and his helpers. In a few
short days they must hand pollinate
a number of selected varieties
blossom-by-blossom to complete
another step in the long, tedious
process of developing one or more
varieties that may be an improve-
ment over existing commercial va-
rieties. Pollen grains are tediously
gathered from flowers on one
tree and placed on the pistil-female
part of the blossom—of the blos-
soms on another variety from
which the pollen-bearing part of
the flowers has been deftly remov-
ed by hand.

used primarily for posts, poles and
timber. White and red pines also
make posts, poles and timber, but
they may also be used for Christ-
mas trees. Scotch pine is used
only for Christmas trees. The
black locust will be used for posts.

A mechanical tree planter will
be used on all the demonstrations.
Nelson says the machine will plant
about 1,000 trees an hour. Refore-
station demonstrations are an ex-
cellent way to learn proper han-
dling of nursery stock and opera-
tion of the planters. Nelson sug-
gests that landowners planning to
use a tree planter visit one of the
local demonstrations.

Eight Million Trees
More trees will be planted this
year than have been planted in the
past several years. The State Di-
vision of Forestry reports that over
eight million trees have been or-
dered this year. The reforestation
stock is grown in two nurseries
operated by the Division of Fore-
stry. One is located in Union
county and the other in Mason
county.

Hogs are Still Mortgage Lifters; Need Management

URBANA—Hogs still qualify as
"mortgage lifters," W. D. Budde-
meier told the Illinois Bankers Ag-
ricultural Conference meeting at
the University of Illinois this week.
But lenders should consider the
ability of the hog producers as
much as, or more than, the fact
that they are raising hogs, he
stressed.

Buddeimeier recalled that hogs
had made profits in 16 of the past
21 years. This is a more favorable
record than that of dairy herds,
feeder cattle or poultry.

But hog producers' records show
that the top one-fourth have made
50 percent more return above feed
costs than the lowest one-fourth.

Even in 1955, when hog returns
were the lowest in 21 years, the
top one-fifth of hog producers re-
ceived \$129 for every \$100 of feed
fed, Buddeimeier pointed out. This
was only \$6 short of meeting all
costs.

The 15 percent of producers with
the lowest returns got back only
\$82 for every \$100 of feed fed. They
lost \$18 for every \$100 worth of
feed fed and received nothing for
labor and other capital.

Looking to the future, Budde-
meier cited the opinions of 20 Illi-
nois Farm Bureau Farm Manage-
ment fieldmen about future hog
business trends. They expect more
specialization in hog production,
with larger production per farm.
About half of the fieldmen survey-
ed felt that a farmer could not
get reasonable efficiency unless he
kept 15 to 20 sows for farrowing
or raised 30 to 45 litters a year.

Although Buddeimeier expressed
no reason to be pessimistic about
the future of the hog business, he
did warn of increasing competition
faced by hog raisers. Low-cost
broilers and eggs produced in
large-scale specialized operations
are making low-cost sources of
meat and protein available that
compete directly with pork.

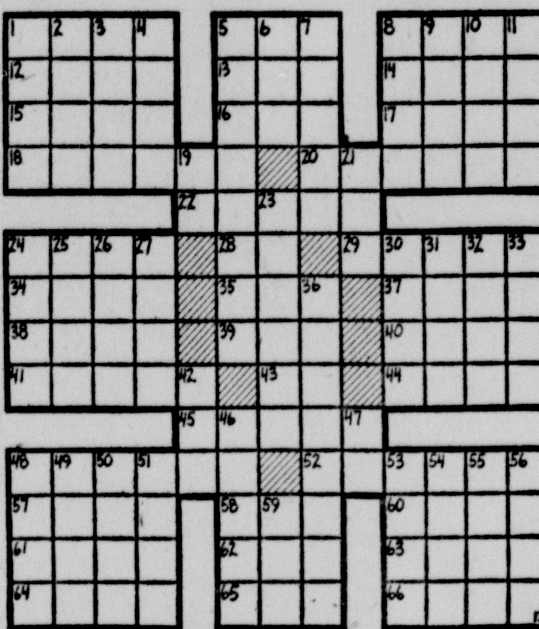

Buying trees and shrubs from
a local nurseryman may be best,
because the plants are adapted to
your local climate.

Three quarters of both sidewalls on this Butler steel building

Seek Coalition Cabinet to Solve Jordan Crisis

Thousands of Youths Demonstrate Against Eisenhower Doctrine

By UNITED PRESS
Former Jordanian Defense Minister Abdul Halim Nimr launched a new effort Saturday to form a coalition cabinet and solve the government crisis.

Reports from Amman said he met this morning with ousted Premier Suleiman El Nabulsi and the high command of their National Socialist Party to seek support for Nimr's candidacy as premier.

While the crucial meeting was going on this morning thousands of Jordanian youths demonstrated against the Eisenhower Doctrine for the Middle East in the main streets of Amman.

They shouted "down with the Eisenhower plan" but there were no reports of violence.

Post in Question
Diplomats in Beirut, Lebanon, said the real key to the mood of the new government will be whether Minister of State Abdullah Rimawi remains in the cabinet.

Rimawi is considered one of the strongest Soviet supporters in Jordan. If he remains it would be considered a victory for the forces allied against young King Hussein. If he goes, King Hussein would be regarded as having won his battle.

Political observers in Lebanon believed Hussein had suffered a disastrous and perhaps fatal setback anyway in his struggle to remain in control in Jordan.

Similar sentiments were voiced by Egyptian circles. They said Hussein's firing of Nabulsi backfired into a victory for the Arab nationalist block.

But in Washington U. S. officials said they believed King Hussein would ride out the crisis safely. They discounted fears the internal struggle would ignite a new Arab-Israeli war.

Handyman Claims He Was Paid in Newspaper Clippings
BIRMINGHAM, Ala. (UP)—Negro handyman charged in court Friday that a white woman employer had been paying him for three years in newspaper clippings instead of money.

Harvey Sparks, 55, said he'd been putting his unopened pay envelopes away for "a rainy day." When the day came, he charged, they didn't add up to enough to buy an umbrella. There were a few coins in some of the envelopes, he said, apparently intended as camouflage.

Sparks asked \$5,000 damages from his part-time employer, Mrs. Sam M. Adler, and another woman, Mrs. Sam Jacobs, who his attorney said had acted as Mrs. Adler's "agent."

Both women were said to be out of town.

Father Saves Family But Dies in Fire
CHICAGO (AP)—A father's attempt to save his family from flames that ravaged his house early today was successful, but cost him his life.

Fire officials said James A. Scanlan, 38, an attorney, was awakened by smoke, and dashed down the street in his pajamas to a nearby fire station.

He ran back and re-entered the blazing house, officials said, but never emerged.

His body was found on the stairway, clutching his daughter, Margaret, 13, who was taken to the hospital in critical condition.

His wife, Myra, 40, and his son, James Jr., 6, escaped uninjured.

Miner Killed By Slate Fall

FARMERSVILLE, Ill. (AP)—A slate fall in the Crown mine near here Friday night killed one miner and seriously wounded another.

The victim was identified as Piero Bax, Springfield. His companion, John Mrozek, 40, Kincaid, was rushed to St. John's Hospital at Springfield in serious condition.

The men were working in a room about two miles from the bottom of the mine shaft when loosened slate suddenly rained down on them.

The freighter was the Nicolai Ostrovsky, one of three vessels specifically mentioned in the Soviet protest note delivered to the U. S. State Department Monday.

Expect Dag to Turn Down Belated Invitation To Visit Hungary
UNITED NATIONS, N. Y. (AP)—Secretary General Dag Hammarskjöld probably will turn down a belated invitation to visit Communist Hungary, observers said Saturday.

Peter Mod, Hungary's current ambassador to the United Nations, extended the invitation to Hammarskjöld Friday—more than five months later than the secretary general wanted to make the visit.

"Jesus Praised and Condemned"

Matthew 21:1-11; 27:20-26

GOLDEN TEXT: "What shall I do then with Jesus which is called the Christ?" (Matt. 27:22).

INTRODUCTION: In this lesson we find two portions of scripture which present two scenes in the life of Jesus which were quite different. In the first scene we see the multitudes practically running over one another in their joyful praise of our Lord. In the second scene we see the multitudes clamoring for his crucifixion.

These people were willing to accept Jesus as the exalted king; but they were not willing to accept him as the suffering king.

We find the people of this world today divided into the same two groups. There are those who love him and praise him. There is the other group that forsakes and condemns him. You may classify yourself.

I. THE JOYFUL CROWD.
(21:1-11).

The prophet, Zechariah, (9:9), had foretold hundreds of years before that Jesus would make a grand entry into Jerusalem. Here in this portion of God's Word we see that prophecy being fulfilled.

Notice the orderly fashion in which Jesus prepared for this eventful occasion. He told the two disciples exactly what to do, where to go, and exactly what they would find. Notice, also, their response to his command. Without question they went immediately to do his bidding. Would it not be wonderful if all his followers today did the same?

Notice next the joyful attitude of the multitude on this day. They cut branches from trees and spread before him. They ran ahead of his beast of burden and cast their coats on the ground before him. They cried: "Hosanna to the son of David; Blessed is he that cometh in the name of the Lord; Hosanna in the highest."

What a joyful day it was! Every one seemed happy. They were ready to crown Jesus as King that very day. Why did he not permit

it? If he had, your sins and mine would be on us today. The hour for him to set up his kingdom had not yet come. First, he must become the dying Lamb of God. He must make the sacrifice on Calvary.

II. THE CONDEMNING CROWD
(27:26-26).

Less than one week later the multitudes were crying: "Crucify him! Crucify him!" No doubt some of the same people made up both crowds.

The priests had incensed the people's emotions until now they have become a howling mob. It was customary during the Passover Feast to release one prisoner each year. Pilate could "find no fault" in Jesus, and he thought surely the multitudes would choose to have Jesus released rather than public enemy number one, Barabbas. So much hatred had they toward Jesus, because the priests had encouraged them, that they cried for the blood of Jesus.

Jesus is hated today. Everywhere sin raises its ugly head, you may be sure you will find hatred toward our Lord. People who are against Christ are sly enough to use smooth talk and nice words. Nevertheless they are the enemies of God. Some folks today are cowards, like Pilate, and try to evade the issue. However, they stand guilty and condemned in the eyes of God.

CONCLUSION:—Jesus Christ is the King of Kings and Lord of Lords. First of all he became the suffering servant. In this world today there are two classes of people. One group loves Jesus and serves him daily. The other group forsakes him, even though they can find no fault in him. In which group do you find yourself today? Remember, if you are lost, Jesus stands ready to save you now. Accept him as your Savior, and he will become King of Kings to you. By so doing you will have the assurance of a home eternal in the heavens.

ONE FRIDAY

When we become mired in the routine of life, one day is like any other. This was just another working-day for most of the people in Jerusalem.

Three men died on Calvary Hill. One of them was the Galilean!

Business as usual in Jerusalem. Unless we understand the whole significance of what is happening we pay little attention...

Do you understand what happened that Friday. Do you realize WHO hung on that central Cross. Do you know WHY He died. And FOR WHOM?

There is nothing more necessary in our lives than the deep, personal knowledge of what happened that Friday... and the Sunday following.

Come to Church!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Ernest W. Rose Reminisces on Visit Here

(Continued from Page One)

cause of the wonderful representation from the clubs of many nations.

Ernest Rose Jr. grew up during those years in Cleveland to graduate in 1939 from Yale University school of business administration and serve 5 1/2 years in the U. S. Air Force during World War II. Four of those years he spent in the air as a pilot of such ships as the B17 and B29. Later he became a pilot instructor and when he was given his honorable discharge in 1945, he held the rank of lieutenant.

Last October, another great pharmaceutical house merger occurred. Plough, Inc., of N. Y., N. Y., and the Mustole company of Cleveland merged and the Rose family, father and son, moved to Memphis where a wonderful new industrial plant, having every conceivable modern method and equipment, is manufacturing Zemo liquid, ointment and soap in astronomical numbers of units.

Mr. Rose and his son are both directors in this \$25,000,000 a year business and 100 salesmen are carrying Zemo to the cities and villages of the world.

In Memphis 1142 Fair Meadow Dr., is the address of the grandparents of the six months old daughter of Ernest Rose Jr. It is a beautiful and gracious home set in gardens such as can only be found in the south. Best of all, it is a place where friends from Harrisburg are made so very welcome. Mrs. Rose is finding warmth and friendliness in Memphis and the gracious living for which the south is famous. Mr. Rose is still active in business and civic affairs and gives of his boundless energy to his projects.

Mr. Rose was born in Elizabethtown, of Elbert G. Rose and the former Miss Adeline Ayers, daughter of Dr. Ayers who was an inventor and was of the Illinois organizing legislature which organized the first Illinois legislature. He is the nephew of the late Dr. J. H. Rose, who built the Rose building on North Main street and made the first investment in it with money from the sale of Zemo stock. He is prominent in business and civic groups of three major cities, but he is this week, the guest of Mrs. Combe in Harrisburg which he loves with all of the energy of his enthusiastic nature and a tourist in southern Illinois where he has dear friends and happy memories.

IN THE Service

A. C. DONALD P. MORRIS has been visiting in Harrisburg with his wife and her mother, after having completed 18 months at the Weathersfield Air Force base in England. Waiting for him to return, his wife, the former Miss Yvonne Cummins and her son, Steven, have been staying with Mrs. George Cummins of 615 South Lake street. The young family left Thursday for Clovis Air Force base in New Mexico where A. C. Morris will remain for an indefinite period.

Pfc. Donald R. Kendall, 23, son of Mr. and Mrs. James Kendall, 1009 South Jackson street, recently participated with the 8th Infantry Division in "Lion Noir," a two-week field training exercise in Western Germany. A radio operator in the division's 8th Signal Company, Kendall entered the Army in March 1956. He completed basic training at Fort Carson, Colo., and arrived in Europe last October. Kendall attended Southern Illinois University. His wife, Marilyn, is with him in Germany.

RUDEMENT

Mr. and Mrs. Raymond Cummins and sons of Indianapolis spent the past week end with their parents, Mr. and Mrs. H. A. Cummins and son, Lewis. Sunday dinner guests also included Mr. and Mrs. James Mattingly and daughter, Janet.

A host of friends and relatives have visited Rev. Bob Boonen, who recently had an accident and is in a cast for some time. He returned home last week from Roselare hospital where he spent 10 days.

Mr. and Mrs. Challis Buchanan and Mr. and Mrs. Bert Driskell visited their children, Mr. and Mrs. Ralph Steapleton and Mr. and Mrs. Donald Adams and son at Indianapolis over the week end.

Our sympathy is extended to the Joiner and Nickolaus families in their recent sorrow.

Tiger Jones Wins Decision Over Chico Vejar

SYRACUSE, N. Y. — Ralph (Tiger) Jones, who has taken to boxing's Gypsy trail, Saturday set out to get ready for his third mid-weight bout in 30 days.

The powerful fifth-ranked contender, tired of waiting for a shot at the title, figures he'll keep trim fighting at a whirlwind pace just as he did Friday night in a 10-round televised victory over the surprisingly heavier but less powerful Chico Vejar.

Jones, who was favored at 13-5, said Vejar was a "good fighter—good enough to make the odds-makers look ridiculous."

Next on the agenda for the 29-year-old Jones, of Yonkers, N. Y., is an April 25 fight with Joey Gray of Flint, Mich. Jones out-pointed Arthur King in Toronto, March 25 and so the Gray fight will be his third in 30 days.

Browns Release Ratterman

CLEVELAND — George Ratterman, understudy for former Cleveland Browns quarterback Otto Graham, was looking for a team Saturday because he failed to make a coach showing with the Browns.

Coach Paul Brown, who put the veteran Ratterman on the waiver list Friday, said it was doubtful that he could make the team this fall.

Brown said he was turning the former Notre Dame athlete loose now so he would have plenty of time to go with another team before fall.

Giants Lick Indians, 8-1, Don't Look Like Tail-Enders; Senators Whip Yanks, 11-10

By United Press

The New York Giants read the newspapers, too, and they're working up a pretty good lather over all those experts who are picking them seventh and eighth.

The Giants certainly didn't look like tail-enders Friday as they licked the Indians, 8-1, at Jacksonville, Fla. Right-hander Ruben Gomez shut out Cleveland after yielding a first inning homer to Bobby Avila and wound up with a trim five-hitter.

Even some of the Indians have the feeling the Giants are being underestimated in most quarters. "I don't know much about the National League," says Cleveland outfielder Gene Woodling, "but from what we've seen of the Giants this spring we think everyone is picking them too low."

Senators Same Way
Washington is more or less in the same boat in the American League. Few observers see the Senators finishing any higher than seventh or eighth. Yet they rose up to defeat the world champion Yankees, 11-10, at Griffith Stadium Friday.

The Senators got to Don Larsen for seven runs in the fifth inning and then went on to register the victory at the expense of southpaw Tommy Byrne when rookie Lyle Luttrell singled some Roy Sievers from second base in the ninth. Hank Bauer, Elston Howard, Bill Skowron and Woody Held all homered for the Yanks while Sievers and Luttrell did likewise for Washington.

Rookie outfielder Carl Powis singled home the winning run in the eighth as the Orioles scored a 3-2 victory over Cincinnati at Baltimore. Al Pilarcik homered for Baltimore while Billy Loe

Writers Pick Braves, Yankees To Win Pennants

NEW YORK — It'll be the New York Yankees in the American League "sweep" and the Milwaukee Braves in another close National League battle according to a United Press poll of 132 baseball writers.

Casey Stengel's world champions were the overwhelming choice of the writers, receiving 126-95.4 per cent—of the first-place votes. Three writers picked the Chicago White Sox to win their first pennant since 1919, two chose the Detroit Tigers and one picked the Cleveland Indians.

Braves No. 1
In the National League, the Braves were the No. 1 choice of 61 writers while the Brooklyn Dodgers received 42 first-place votes and the Cincinnati Redlegs got 24. There were three first-place votes for the dark-horse St. Louis Cardinals and one each for the Pittsburgh Pirates and New York Giants.

The Tigers received one less vote than the White Sox for first place in the American League but a cross section of the balloting made them the choice to finish second. Manager Jack Tighe's team which finished fifth in 1956, received 70 votes for second place, 35 for third and 17 for fourth.

The Indians and White Sox, meanwhile, both received votes for positions from first to sixth with the former out-balling Chicago, 80-50, in second and third-place votes. As a result, the Indians were the composite choice for third with the White Sox delegating to fourth.

Red Sox Fifth
The Boston Red Sox were rated fifth, the Baltimore Orioles sixth, the Kansas City Athletics seventh and the Washington Senators eighth.

The National League balloting reflected the wide-open aspect of the impending race with no team receiving a majority of the first-place votes. The Braves' total was 46.2 per cent, the defending champion Dodgers' 31.9 and the Redlegs' 18.2 per cent.

The Cardinals received 68.8 per cent of the fourth-place votes with the Pirates, Philadelphia Phillies, Giants and Chicago Cubs following in that order.

Flowers in the amorphophallus plant release a penetrating odor of rotting fish or meat.

and George Zuverink split the pitching chores for the winners.

Meyer Goes To Box
Before the game, Cincinnati sold pitcher Russ Meyer to the Boston Red Sox and bought the contract of pitcher Raul Sanchez from Havana of the International League. Meyer, with the Cubs most of last season, had a 1-6 record while Sanchez won 10 games and lost six for the Cuban club last year.

Frank Lary and Paul Foytack combined to pitch the Detroit Tigers to a 9-2 victory over the Pittsburgh Pirates at Charlotte, N. C. Ron Samford homered for Detroit while Harvey Kuenn helped himself to three of the Tigers' 16 hits.

The Red Sox jumped on Granny Hamner for three runs in the eighth to trip the Phillies, 5-2, at Richmond, Va. Robin Roberts pitched two-hit ball for the first seven innings but the Red Sox got two runs in the fourth on Frank Malzone's double and Dick Gernert's homer. Rookie Ed Bouchee homered for the Phils.

Military Plane Crashes Kill 8; Four Missing

By UNITED PRESS
A series of military plane crashes since Thursday night killed eight men and left four others missing.

A six-man crew perished when a Navy Neptune patrol bomber crashed and caught fire while taking off from Brunswick Naval Air Station in Maine Friday. Observers said the plane spun to the ground seconds after its takeoff and burst into flames which in turn ignited nearby trees.

Separate crashes in Japan Friday claimed the lives of two jet pilots. A U. S. Marine Corps jet plowed into the ground near Tokyo and an F86 Sabrejet crashed into the ocean about 20 miles southwest of Chitose Air Base on Hokkaido, the northernmost island of Japan.

A search continued Saturday for four crew members of a Navy amphibian which has not been heard from since Thursday night while on a flight from Atlantic City, N. J., to Jacksonville, Fla. Searching parties combed an area from Charleston, S. C., to Savannah, Ga.

Meanwhile, naval officials at Key West, Fla., scratched their heads in amazement at the "miraculous" survival of two sailors who lived through a ten-mile swim after their plane crashed on a remote Florida Key.

Stratton Signs Bill for Broader Insurance Coverage

SPRINGFIELD (UP)—Gov. William G. Stratton Friday signed into law a bill allowing sale of broader insurance coverage in Illinois.

The bill, which started out to allow insurance companies to write health and death benefit policies on domestic animals, was amended on the floor of the General Assembly to allow an automobile owner to insure himself against an accident with an uninsured driver.

Stratton said the bill would permit "prudent" drivers to protect themselves from "irresponsible" drivers who carry little or no insurance by allowing them to buy "total disability and death indemnity coverage."

Another bill signed by Stratton repealed a requirement that milk herds which show negative brucellosis ring tests shall not be required to be blood tested more than once in three years.
